

Sarah Paluszny

sarah.paluszny@gmail.com | New York, NY

SUMMARY

Frontend Engineer specializing in React, Next.js, and TypeScript, with experience building full-stack web applications and internal business tools. Skilled in translating business requirements into production-ready software through a combination of engineering, analytics, and user-centered design.

PROFESSIONAL EXPERIENCE

Anything Soundworks

Mar 2026 - Present

Freelance Frontend Engineer

- Designed and developed a custom media review platform using Next.js, TypeScript, Tailwind CSS, AWS S3, and Supabase, enabling staff to securely share audio and video assets with clients.
- Implemented authentication, file uploads, and automated asset expiration workflows using Supabase Auth, storage services, and custom business logic.
- Led product design from concept to deployment, creating user flows and high-fidelity prototypes in Figma while collaborating directly with stakeholders.

Radiology of Indiana

Jul 2023 - Present

Data Analyst - Remote

- Collaborated with clinical and executive stakeholders to design tailored reporting views and filters, increasing dashboard adoption rates and enabling proactive, data-informed decision-making.
- Automated and streamlined recurring quality and performance reporting using SQL and SSRS, reducing manual processing time by 60%, eliminating formatting errors, and improving reliability across 10 hospital clients.
- Spearheaded the formation of the data analytics team and implemented a standardized request system, while centralizing 20+ reports previously scattered across multiple departments.

Data Analyst Intern

Sep 2022 - Jul 2023

- Designed and automated monthly SSRS reports for 9 major hospital clients, providing enhanced visibility into quality metrics that supported the acquisition of 4 additional hospital contracts.
- Transformed manual daily reporting processes through automation, reducing processing time from 60 minutes to under 1 minute daily, saving 20+ hours monthly.

PROJECTS

Travel Photography Gallery | Frontend Engineer (Full-Stack Project)

Nov 2025

Website link: <https://travel.sarahpaluszny.com/>

- Built a full-stack travel photo gallery with Next.js, TypeScript, PostgreSQL, AWS S3, and Google Photos integration featuring dynamic galleries and authentication.

MDX-Driven Personal Platform | Frontend Engineer

Jul 2025

Website link: <https://sarahpaluszny.com/>

- Built a portfolio platform using Next.js, TypeScript, Tailwind CSS, and MDX with dynamic content management, project filtering, and a Mailgun-powered contact form

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, HTML, CSS, SQL, Python

Frontend: React, Next.js, Tailwind

Backend, Database & Cloud: Node.js, PostgreSQL, Supabase, AWS S3, REST APIs

Tools & Design: Figma, Framer, Photoshop, SSRS, Git

EDUCATION

Indiana University, Bachelor of Science, Dual Degree

Aug 2019 - Jul 2023

Informatics - Luddy School of Informatics, Computing and Engineering

Audio Engineering and Sound Production - Jacobs School of Music
